Title: **GP 4.5 -- Monitoring Board Governance Process & Board-Superintendent Relationship**
Code: 4.05
Section: 4. GPs -- Governance Process

The purpose of monitoring the Board of Education's Governance Process and Board-Superintendent Relationship policies is to determine the degree to which the Board of Education adheres to and fulfills its own policy commitments and to ensure continued improvement. Monitoring current progress will be done as efficiently as possible, balancing the need to allow sufficient time and depth for this important function with the need to use meetings primarily to create the future rather than to review the past.

These policies are monitored through Board of Education self-assessment according to the following frequency, with methodology and schedule as determined by the Board President:
